## **Program Objective**

Educate customers on energy efficiency and encourage them to participate in applicable FPL Demand-Side Management (“DSM”) programs and/or implement other recommended actions not included as part of FPL’s Business programs.

## **Program Requirements**

- Customer must have an active FPL business account.
- Survey must be performed by an FPL representative in the customer’s business or by the customer using FPL’s online application.

## **Reporting Requirements**

Program costs will be reported to the Commission in FPL’s Energy Conservation Cost Recovery (“ECCR”) True-Up and Projection filings. Program achievements will be reported in FPL’s DSM Annual Report.

## **Disclaimers**

“The utility does not warrant or guarantee the audit findings or recommendations, nor is the utility liable as a result of the audit for the acts or omissions of any person who implements or attempts to implement those conservation measures recommended by the auditor” (*Florida Administrative Code 25-17.003*). It is the sole responsibility of the customer to determine whether any energy conservation measure is appropriate for their property and to manage any independent contractor that is selected and hired by the customer.
